2005 Report to Our Community

THE UNITED CHURCH OF CANADA FOUNDATION / FONDATION DE L'ÉGLISE UNIE DU CANADA

ENDOWED BY THE GENEROUS
ENDURING FOR GENERATIONS
ENABLING GOD'S MISSION

Our Mission:

*Helping generous people sustain The United Church of Canada,
its congregations and its partners, in life and beyond.*

What we do:

We help our donors create support for decades of ministry and offer them regular reports on the impact of their gifts.

We invest our own endowments and congregational funds to create predictable, growing resources for God's work year after year.

We grant funds to God's works of faith, community, healing, peace and justice at home and abroad.

Board Chair and CEO's Report

2005 was a year of consolidation and preparation as The United Church of Canada Foundation launched its two major projects: developing endowment funds to sustain The United Church of Canada, its congregations and its partners; and introducing an investment program to help United Church organizations grow the endowments they already hold.

Personal contact with supporters was a vital source of guidance for

our future work. Board members and staff hosted gatherings in a dozen centres throughout Canada. It was a privilege to thank so many generous people in person for supporting the future of the United Church through their gifts to the Foundation. As well, a national feasibility study gave us candid feedback and recommendations from 250 people. We learned that:

75% of respondents were in favour of having a foundation to create sustainable, long-term support for the United Church – a most encouraging response.

64% said they "would" make a gift to a Foundation campaign, and another 25% said they "might" contribute.

85% felt that the clergy and people of the United Church did not have enough information about the Foundation.

Clearly, the Foundation must address that information gap before mounting a national fund raising campaign. In 2006, while continuing to seek generous individual gifts, we will improve our communications to build a better position for a broadly-based campaign. *continued over...*

In the past year our supporters nearly tripled our endowment funds – from \$155,371 in 2004 to \$453,663 at the end of 2005. Our investment program grew quickly as well, with \$338,000 in congregational funds invested since the program began in May. Foundation and congregation assets are invested in a prudent, socially responsible balanced fund. That fund earned 12.6% in 2005 and has averaged 7.86% over the past five years.

Near the end of the year, the Board of Directors created four Mission Focus Funds for donors who want their gifts to support the same kind of ministry each year. Those funds comprise:

- * **The Leadership Fund** training and supporting our leaders, lay and ordered, spiritual and temporal;
- * **The Theological Education Fund** supporting United Church theological schools and educational centres;
- * **The Peace and Justice Fund** addressing peace, justice and environmental concerns;
- * **The Faith and Mission Fund** strengthening faith in United Church communities and helping them meet the challenges of membership, mission and change.

As well as building stable support for the future through endowment funding, the Foundation began helping people to make immediate gifts to the United Church or a congregation. Such donors have chosen flow-through funds as a convenient way to manage their current donations. Gifts of securities placed in flow-through funds have been sold and the proceeds passed on at the donors'

request to congregations that do not have their own brokerage account. Donors who prefer to keep their generosity confidential have used this means to give significant, anonymous gifts to their congregation.

Gifts from Founders were intended to fund the operations of the Foundation for its first three years. In fact, Founder support covered all the expenses of incorporation in 2002, as well as operations through January 2006. The General Council Executive has recognized the Foundation's potential to grow its endowment program, increase participation in the congregational investment program and become partially self-sufficient through fees for congregational investment administration and endowment management. At its meeting in October the GCE committed up to \$1 million in operational support from 2006 through 2008 to help the Foundation achieve those goals.

In the same way that many people have generously contributed to the financial success of the Foundation, many people have generously contributed their acumen and talents. We appreciate the wisdom and work of:

- * The Foundation's Board of Directors and the Committees of the Board;
- * The Financial Stewardship Unit of The United Church of Canada, in particular the Regional Gift Planning Consultants;
- * The Financial Services Unit of The United Church of Canada.

Indeed, there is much to celebrate. As well, there is much more to do to build a Foundation endowed by the generous, enduring for generations, enabling the mission of God. To pre-

pare for the next 80 years of The United Church of Canada, the Foundation will continue to seek extraordinary gifts – gifts to transform the future of the church we love.
